

JÁTSZÓKERT  
TERET ADUNK A JÁTÉKNAK

joyful  
game

freedom

### We give room to play!

Our goal is to create community. The most important thing for us is, to make meeting area, where children can play gladly and safely, while parents can spend their time pleasantly.

we create  
community

What are we most  
proud of?

### Tarzan™ Park

The Tarzan™ Park is one of the largest public family playgrounds in Hungary. Beside our huge castles, towers, helical inner-tube slides, there are specialties such as sand and water table, or the huge the jump hill.

Experiencing the motions, the shared activities, and the sense to explore the various wonders of the facility gives an amusement and energizing sensation.

## Modern and classic playgrounds

We design and construct complete playgrounds for our customers.

- We know the method of public administration.
- We distribute and build products made from high quality commodities mostly from Europe with manufacturer's more year warranty.
- We know that one part of the success of a playground is about professional maintenance, that's why we work with a well functioning system.

We grant you everything that  
you need for a top playground!

- qualitative pavement
- UV protection
- gripping games, generative toys
- safety
- ergonomic environment for all ages

Design and construction

# Complete indoor and outdoor sports grounds

When we design and construct new grounds, we build multifunctional sports pavement with drainage planned specially for this purpose. We construct original grandstands, handrails and vibration-free fences about the grounds.

In case of sports ground that needs renovation, we use aesthetic, long lasting pavement technology, which has affordable construction.

sport and fun in one

sporty local community

# Community spaces and parks

Our goal is to create an inviting, livable environment, to raise the living standard of the population of the indirect residential area and the settlement.

- ecological use of plants
- favourable maintenance expenses

satisfied community  
intense park usage

We connect generations!
